PROFESSIONAL EXPERIENCE

Speckin Forensics, Crime Scene Investigator, 2023–present

- Conduct a thorough analysis of crime scenes, including collecting, preserving, and documenting evidence.
- Look for and collect physical evidence such as impressions, DNA, and chemical evidence that may be barely noticeable or may need to undergo a chemical test to be visible.
- Collaborate with the Speckin Forensics team to provide expert forensic consulting services.
- Prepare detailed reports and documentation of findings for legal proceedings.
- Assist in developing strategies and reports for forensic analysis in legal cases.
- Maintain up-to-date knowledge of advancements in forensic science and technology.

Sonoran Desert Institute (2015 - Present) Adjunct Professor

Southwest Florida Institute for Public Service, General Topic/High Liability Instructor, Lead Crime Scene Instructor, Range Officer, 2004 – 2015

- Led classroom instruction to law enforcement/correctional officer candidates within the CJSTC curriculum in crime scene investigation.
- Developed and led advanced/specialized crime scene training courses.
- Facilitate/participate in scenario-based training within investigative and response to resistance.

- Provide feedback and instruction to recruit in the use of various firearms.
- Demonstrate use of firearms to recruits- use, care, and the manual of arms- pistols, rifles, shotguns.

Florida Gulf Coast University Consultant to the Institute for Weapons & Equipment Research & Institute for Forensic Excellence, 2005 - 2009

ITT Technical Institute (DEFUNCT), Adjunct Faculty, 2011-2012

Southwest Florida College (Now Southern Technical Institute), Adjunct Faculty, 2009-2012

Edison State College (now FSW), Adjunct Faculty, 2005-2007

Office of the Sheriff, Lee County, Florida, (RETIRED) 1992 -2023; **Crime Scene Investigator (Specialist) 1995-2015**

- Conduct searches of crime scenes physically and with the assistance of tools, i.e., alternative light sources or chemical methods to locate and recover evidence.
- Articulate the scene by way of note-taking, photographs, and diagrams.
- Recognition of potential evidence within the contextual nature of the case under investigation
- Fluent in numerous methods of mechanical and chemical fingerprint development and collection.
- Attend and assist at autopsies.
- Broad case exposure in homicide, robbery, sex crimes, child/infant death/injury, occupationally related death, arson, officer involved shootings/response to resistance, and various other crime-related incidences
- Particular interest in firearms, dangerous weapons, and re-creation of shooting scenes
